Admiral Carey's January 2009 Message

Admiral Carey outlines our foundation plans for the new year and talks about some new directions as well as some new organizations that the foundation seeks to endow. As the foundation continues to grow and add new programs, particularly in the area of youth leadership training and internships, the "mix" with those organizations already endowed also changes.

Our Governance Boards

Our Board of Advisors and Board of Trustees

The Foundation is indeed fortunate to have two outstanding Boards to provide advice and guidance to Admiral Carey and the foundation. Both boards represent a wealth of experience and professional excellence and have proven to be highly interested and exceptionally willing to give of their time and talent to ensure that the Admiral Carey Foundation continues to grow in programs and stature as we seek to make our world a better place for all who inhabit it. A True American Patriot & D-Day Warrior of World War II

By Admiral Carey

America and this foundation lost a true patriot and genuine American Hero when Major General J. Milnor Roberts, a Member of both our Board of Advisors AND our Board of Trustees passed away earlier this this month. There's a great article on him run just recently by the Knights Templar---- [click here](#) to view that article. Mil Roberts gave much MUCH MORE to America than he ever took from her, and I was privileged to be a speaker at his Birthday Reception in December, and am also to be a Pallbearer during his burial at Arlington National Cemetery in March. A copy of his obituary can be viewed by [clicking here](#). May Our LORD hold General Roberts in the palms of HIS Hands, and bring him eternal rest and peace.

Our Newest Program A Tremendous Success

Military Veterans Internship/Fellowship Programs Are Changing Lives

Six months ago, in a strategic partnership with the Future Leaders for America Foundation and the National Defense Committee, we structured a new internship/fellowship program focused on military veterans with the objective to train them NOT just for a job, but for a lifetime career. Our first selectee for this program was a U. S. Army Captain who served in combat in both Iraq and Afghanistan. Our objective was to take his tremendous wealth of experience and train and credential him so he could qualify for a career on the staff of the U. S. Congress. He served his internship on the Staff of U. S. Senator John Ensign of Nevada and has now been hired as the Military Legislative Assistant on the Staff of U. S. Senator Bond from Missouri. To read more on this tremendous new program and to learn how you can refer other military veterans to apply, [click here](#).
